INTRODUCTION

We have reviewed the accompanying interim condensed financial statements of Ashmore Saudi Equity Sharia Fund (the "Fund") managed by Ashmore Investment Saudi Arabia (the "Fund Manager") as at 30 June 2026 which comprises:

- The interim condensed statement of financial position as at 30 June 2026;
- The interim condensed statement of profit or loss and other comprehensive income for the six-months period then ended;
- The interim condensed statement of changes in net assets (equity) attributable to the unitholders for the six-months period then ended;
- The interim condensed statement of cash flows for the six-months period then ended; and
- The notes to the interim condensed financial statements.

The Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

Notes to the Interim Condensed Financial Statements

For the six-months period ended 30 June 2026

(Amounts in SAR)

1. THE FUND AND ITS ACTIVITIES

Ashmore Saudi Equity Sharia Compliant Fund (the "Fund") is an open-ended investment fund managed through an agreement between Capital (the "Fund Manager") and the fund investors (the "Unitholders"). The fund was incorporated on 16 December 2024. The objective of the fund is to achieve capital growth and income through investing mainly in multiple asset classes locally, regionally and globally. These investments include the following: Money Market, Real Estate Funds, Fixed Income, Equity, Private Equity, Private Debt Instruments and illiquid Investments, and are compatible with Sharia regulations.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares a separate financial statement for the Fund.

The Fund's Terms and Conditions provide for two classes of units: Class A units and Class B units. The minimum subscription amount for Class A units is SR 1,000, while the minimum subscription amount for Class B units is SR 10,000,000. Following the launch of the Fund and the availability of both unit classes for subscription, investors meeting the eligibility requirements may subscribe to either class. In addition, the Fund Manager charges an annual management fee of 1.25% of the net asset value attributable to Class A units and 0.80% of the net asset value attributable to Class B units, calculated at each valuation day.

Furthermore, where a Class A investor's holding increases to SR 10,000,000 or more, the Fund Manager may convert such holding into Class B units, while holdings in Class B units falling below SR 10,000,000 may be converted into Class A units.

The custodian, administrator and registrar of the Fund is HSBC Saudi Arabia.

2. REGULATORY FRAMEWORK

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by CMA on 17 Rajab 1442H (corresponding to 1 March 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations have effective dates starting from 19 Ramadan 1442H (corresponding to 1 May 2021).

3. SUBSCRIPTION/REDEMPTION OF UNITS (DEALING DAY AND VALUATION DAY)

The Fund is open for subscriptions / redemptions every business day (each a "Dealing Day") and performs valuations every Monday and Wednesday (each a "Valuation Day"). The "cut off" time for subscriptions/redemptions is 1:00pm of every valuation day. In case the valuation and dealing day happen to fall on a day which is a public holiday in the Kingdom of Saudi Arabia, the valuation and dealing day will be on the immediate next valuation and dealing day. The unit price on subscription or the unit price on redemption is represented in the Net Assets (Equity) Value ("NAV") per unit calculated by the administrator on the next valuation day on which the units were subscribed or redeemed for.

The NAV of the Fund for the purpose of purchase or redemption of units is calculated by subtracting from the value of the Fund's total assets value the amount of the Fund's total liabilities. The unit price is determined by dividing such resulting figure by the total number of outstanding units on the relevant valuation day. The unit price upon commencement of subscriptions was SAR 10.

4. BASIS OF PREPARATION

4.1. Statement of compliance

These interim condensed financial statements have been prepared on a going concern basis and in accordance with International Accounting Standard 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA") and should be read in conjunction with the Fund's last annual financial statements for the year ended 31 December 2025.

These interim condensed financial statements do not include all of the information normally required for a complete set of financial statements; however, accounting policies and selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Fund's financial position and performance since 31 December 2025.

The results for the six-month period ended 30 June 2026 are not necessarily indicative of the financial results that maybe expected for financial year ending 31 December 2026.

4.2. Basis of measurement functional and presentation currency

These interim condensed financial statements have been prepared under the historical cost convention, using the accrual basis of accounting except for investments measured at fair value through profit or loss which are measured at their fair value. The Fund presents its interim statement of financial position in the order of liquidity.

4.3. Functional and presentation currency

Items included in the interim condensed financial statements are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). These interim condensed financial statements are presented in Saudi Riyal ("SAR") which is the Fund's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into SAR using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into SAR using the exchange rates prevailing at date of the interim statement of financial position. Foreign exchange gains and losses, if any, arising from translation are included in the interim statement of comprehensive income.

4.4. Critical accounting judgments, estimates and assumption

The preparation of these interim condensed financial statements requires Fund Manager to make judgement, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The significant judgements made by the Fund Manager in applying the Fund' accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

4. BASIS OF PREPARATION (CONTINUED)

4.5. Going Concern

The Fund Manager has made an assessment of the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern.

5. MATERIAL ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these interim condensed financial statements are consistent with those used and disclosed in the financial statements of the Fund for the year ended 31 December 2025, except for the adoption of new standards effective as of 1 January 2026. The Fund has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments apply for the first time in 2026, but do not have a significant impact on the interim condensed financial statements of the Fund.

5.1. New standards, interpretations and amendments

5.1.1. New amendments to standards issued and applied effective January 1, 2026

Amendments to standard	Description	Effective from accounting period beginning on or after	Summary of the standards and amendments	Fund manager assessment
IFRS 9 and IFRS 7	Classification and Measurement of Financial Instruments	1 January 2026	The amendments clarify the recognition and derecognition of financial assets and financial liabilities, including settlement date accounting for certain electronic payment systems. They also provide additional guidance on assessing contractual cash flow characteristics of financial assets, including contingent cash flows arising from environmental, social and governance (ESG)-linked features. The amendments also introduce new and updated disclosure requirements in IFRS 7	Fund manager has performed a preliminary assessment and does not expect the adoption of these amendments to have a material impact on the Fund's financial statements.
IFRS 9 and IFRS 7	Contracts Referencing Nature-dependent Electricity	1 January 2026	These amendments modify the 'own use' requirements and hedge accounting provisions in IFRS 9 for contracts that expose entities to variability in electricity prices due to uncontrollable natural conditions such as weather. Targeted disclosure requirements are introduced in IFRS 7.	Based on the nature of the Fund's operations and contractual arrangements, Fund manager does not expect these amendments to have any impact on the Fund's financial statements.

5. MATERIAL ACCOUNTING POLICIES (CONTINUED)

5.1. New standards, interpretations and amendments (continued)

5.1.2. New standards, amendments and revised IFRS issued but not yet effective

Amendments to standard	Description	Effective from accounting period beginning on or after	Summary of the standards and amendments	Fund manager assessment
IFRS 18	Presentation and Disclosure in Financial Statements	1 January 2027	IFRS 18 replaces IAS 1 and establishes a new framework for the presentation and disclosure of financial statements. The standard introduces new categories for income and expenses (operating, investing and financing) and requires presentation of new subtotals, including operating profit or loss and profit or loss before financing and income taxes. It also enhances guidance on aggregation and disaggregation, introduces disclosure requirements for management-defined performance measures, and removes classification options for interest and dividends in the statement of cash flows.	Fund manager is currently assessing the impact of IFRS 18. While the standard is expected to result in changes to presentation and disclosures, it is not expected to have a material impact on the recognition or measurement of the Company's assets, liabilities, income or expenses.
IFRS 19	Subsidiaries without Public Accountability	1 January 2027	IFRS 19 permits eligible subsidiaries without public accountability to apply reduced disclosure requirements while continuing to apply full IFRS recognition and measurement principles. The standard affects disclosure requirements only and does not impact recognition or measurement.	Based on the nature of the Fund's operations, Fund manager does not expect these amendments to have any impact on the Fund's financial statements.

6. MANAGEMENT FEE, ADMINISTRATION AND OTHER CHARGES

The Fund pays management fee calculated at an annual rate of 1.25 and 0.80 percent per annum of the Fund's net assets (equity) attributable to unitholders of Class A and Class B units respectively, based on the applicable apportionment of net assets. This management fee is accrued daily and paid on a monthly basis, as per the Terms and Conditions of the Fund.

The Fund pays custody fee, administration fee and registration fee to HSBC Saudi Arabia who is the custodian, administrator and registrar of the Fund. These fees are calculated based on slab percentages linked to net assets (equity) value of the Fund subject to stated minimum fee.

9. TRANSACTIONS AND BALANCE WITH RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. The related parties of the Fund include the Fund Manager, the Fund Board and other funds being managed by the Fund Manager. In the ordinary course of its activities, the Fund transacts business with the Fund Manager.

The Fund Manager does not charge any subscription fee on subscription of units and redemption fees on redemption of units. Other expenses paid by the Fund Manager on behalf of the Fund are recharged to the Fund as they are incurred.

In addition to the related party transactions disclosed elsewhere in these interim condensed financial statements, the significant transactions with related parties for the period are as follows:

11. RISK MANAGEMENT POLICIES

11.1. Financial risk factors

The Fund maintains positions in non-derivative financial instruments in accordance with its investment management strategy. The Fund's investment portfolio comprises units of equity shares of listed companies.

The Fund's investment manager has been given discretionary authority to manage the assets in line with the Fund's investment objectives. Compliance with the target asset allocations and the composition of the portfolio are monitored by the Fund Board on a semi-annual basis.

In instances where the portfolio has diverged from target asset allocations, the Fund's investment manager is obliged to take actions to rebalance the portfolio in line with the established targets, within prescribed time limits.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

a) Market risk

i. Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and profit rate movements.

The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager diversifies the investment portfolio and closely monitors the price movement of its investments in financial instruments.

The following is the impact on the net asset value (equity) as a result of the change in the fair value of investments as of 30 June 2026.

Nature of transactions	30 June 2026 (Unaudited)		31 December 2025 (Audited)	
	Reasonable possible change %	Impact on fair value	Reasonable possible change %	Impact on fair value
Equity investments	5% +/-	880,555	5% +/-	789,935

b) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund is exposed to credit risk in its cash, cash equivalents and other receivable balances. Bank balances are deposited with a Saudi bank with a good financial rating.

(Amounts in SAR)

11. RISK MANAGEMENT POLICIES (CONTINUED)

11.1. Financial risk factors (continued)

b) Credit risk (continued)

The table below shows the maximum exposure to credit risk for the components of the interim condensed statement of financial position.

	30 June 2026 (Unaudited)	31 December 2025 (Audited)
Cash and cash equivalent	6,166,957	5,484,591
	6,166,957	5,484,591

c) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every business day and it is, therefore, exposed to the liquidity risk of meeting Unitholder redemptions on these days. The Fund's financial liabilities primarily consist of payables which are expected to be settled within one month from the statement of interim condensed financial position date.

The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the Fund Manager.

11.2. Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to Unitholders.

12. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market are accessible by the Fund.

Financial instruments comprise financial assets and financial liabilities. The Fund's financial assets consist of financial assets held at FVTPL and financial assets measured at amortized cost.

12. FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; or

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include active listed equity and debt instruments. The Fund does not adjust the quoted price for these instruments.

13. NET ASSETS (EQUITY) VALUE

The CMA, through its circular dated 10 Rabi Al Thani 1439H (corresponding to 28 December 2017), has approved the Dual NAV approach for investment funds. In accordance with the circular, IFRS 9 will be applied for accounting and reporting purposes and dealing NAV will remain unaffected until further notice.

The NAV per unit of the Fund is presented as follows:

	30 June 2026			31 December 2025		
	(Unaudited)			(Audited)		
	Class A	Class B	Total	Class A	Class B	Total
Apportioned NAV	14,497,199	9,206,568	23,703,767	12,336,940	8,891,735	21,228,675
