**Notice of Compulsory Partial Redemption of Shares**  
**12 January 2023**

Notice of compulsory partial redemption of shares in Ashmore Global Opportunities Limited (the "Company").

Further to the approval by the Company's shareholders of the winding down proposals as described in the circular to shareholders on 20 February 2013 (the "Circular") the Company today announces that it will return 129.37 US cents per USD share held on 18 January 2023 (the "Redemption Record Date") by way of a compulsory partial redemption of shares (the "Redemption") by reference to the 30 November 2022 NAV Calculation Date.

The Redemption will be effected pro rata to holdings of shares on the register at the close of business on the Redemption Record Date, being 18 January 2023. 6.735% per cent of the USD issued share capital will be redeemed on the Redemption Date (that is 6.735 Shares for every 100 USD shares held (the "Relevant Percentage")). Fractions of Shares will not be redeemed and so the number of shares to be redeemed for each shareholder will be rounded down to the nearest whole number of shares.

The amount to be applied to the partial redemption of shares comprises the monies from the realisation of the Company's investments received up to and including 30 November 2022 pursuant to the winding down of the Company.

As at today's date, the Company has 614,500 USD ordinary shares. No shares are held in treasury. All of the ordinary shares redeemed on the Redemption Date will be cancelled.

The existing ISIN number GG00BNGFDW22 (the "Old ISIN") for the Company's shares will expire on the Redemption Date (18 January 2023). The new ISIN number GG00BQFM5296 (the "New ISIN") in respect of the Company's shares (post the Redemption) will be enabled from 18 January 2023. The Redemption will be effected pro rata to holdings of shares on the register at the close of business on the Redemption Record Date, being 18 January 2023. Purchases of shares that were unsettled as at the close of business on the Record Date, including trades arranged after the Record Date but before the Redemption Date, will be transformed automatically by CREST and will settle under the New ISIN with an accompanying delivery of cash through CREST in respect of the redemption proceeds.

Payments of redemption monies are expected to be effected either through CREST (in the case of shares held in un-certificated form) or by cheque (in the case of shares held in certificated form) by 26 January 2023.
